PRIMARY EXAMINER

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The present invention is drawn to a phase shifter circuit utilizing a circuit clock input terminal, a multi-bit circuit input terminal, a counter circuit, first - second subtractors, first -second multiplexer circuits, a comparator circuit and a phase shifter recited in claims 10-14. None of the prior art disclosed or suggested to show the particular structure and/or the particular operation recited in these claims namely: "the counter circuit", "the second multiplexer circuit", "the phase shifter" in combination with "the first subtractor", "the first multiplexer" and "the comparator" as recited in claim 10.

The prior art references submitted by the applicant on IDS form received on 12/16/05 was reviewed and considered. These references also lack the combination of all limitations as cited in claim 10. Therefore, the claims are patentably distinct over all these prior art references of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to My-Trang N. Ton whose telephone number is 571-272-1754. The examiner can normally be reached on 7:00 a.m - 5:30 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
